We use cookies to help us collect Other Information and to enhance your experience using the Services. Specifically, we use cookies to authenticate users, personalize your experience when using the Services, analyze which features of the Services you use most frequently, and measure and optimize advertising and promotional effectiveness. To do this, we may use both session cookies, which expire once you close your web browser, and persistent cookies, which stay on your computer until you delete them. If you do not want the Services to place a cookie on your hard drive, you may be able to turn that feature off on your computer or mobile device. Please consult your Internet browser's documentation for information on how to do this. However, if you decide not to accept cookies from us, the Services may not function properly. When the Services are made available to you through other third-party sites, please be aware that these other sites maintain their own policies regarding cookies and the collection and use of information. You are responsible for reviewing those policies.

These third parties may use cookies, pixel tags (also called web beacons or clear gifs), and/or other technologies to collect such Other Information for such purposes.
